- Academic Research
- HTML5 , CSS3 and Bootstrap
- JavaScript and jQuery
- Familiarity with responsive web design principles
- Strong analytical and problem-solving skills acquired through MBA

ABOUT ME

A motivated MBA graduate passionate about front-end development, leveraging skills in HTML, CSS, and basic JavaScript to secure a position in IT and contribute to innovative projects.

PROJECTS

Responsive Clone Site of H&M

Developed a responsive H&M clone website using HTML, CSS, and Bootstrap, accurately replicating the layout, styles, and interactive elements of the original site.

PSD to HTML Conversion

Transformed PSD designs into responsive web pages using HTML and CSS. Implemented media queries for multi-device compatibility, ensuring a seamless user experience.

Comprehensive Project

Conducted a market survey on Urbanic online shopping, gathering feedback through Google Forms. Analyzed data using SPSS to understand customer satisfaction trends."

EXPERIENCES

Marketing Team Member

Captain X - Internship   (Jul 2021-Dec 2021)

Interned at Captain X as a Marketing Team Member, promoting the app, distributing coupons, and encouraging users to deposit funds for playing. Produced weekly reports on app activity and met assigned targets.
